**Classic Cottage Grove** 15.7 miles Level to Rolling Hills  
**Cottage Grove South** 20.7 miles Level to Rolling Hills

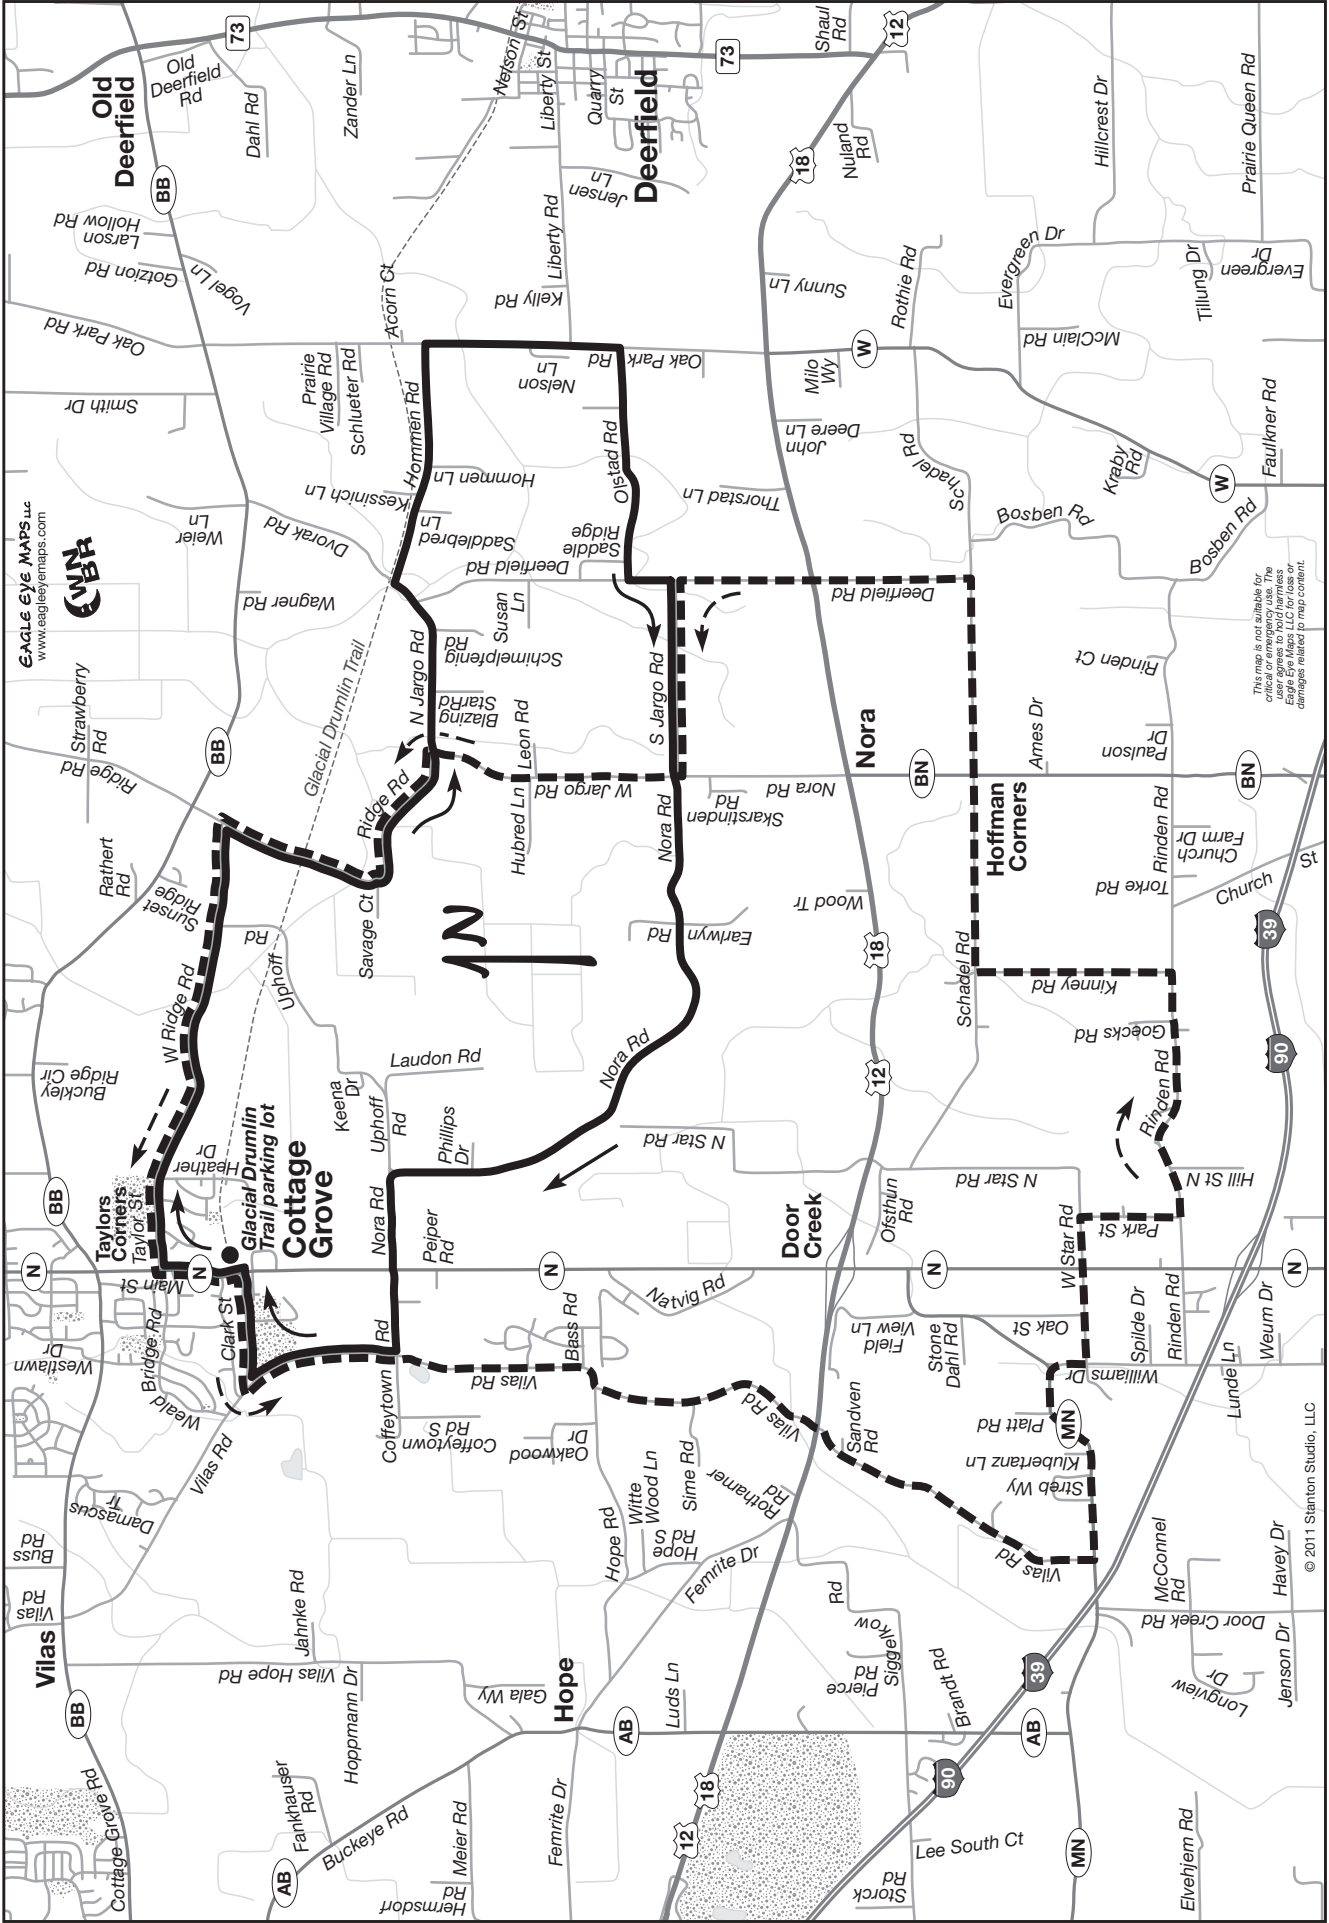

**Classic Cottage Grove** is an older, popular WNB route with a new starting point at the Glacial Drumlin parking lot. While much of the ride is gentle, you are in drumlin territory so there are some hills to contend with. The first part of the ride jumps around the Glacial Drumlin Trail, then takes in some good vistas as it heads south and west. The last part of the ride goes down lovely Nora Rd, which is a state Rustic Road.

**Cottage Grove South** is an adaptation of a newer version of the old Cottage Grove ride, and takes in some very good riding to the south of town. This loop goes counterclockwise (as opposed to the Classic route), so if you felt ambitious, you could do both loops and only repeat one mile of the same views. Vilas Rd is a great road to ride, and has the added interest of having some exposed preglacial rock outcrops on either side of the valley (of course, you would have to go tramping through the vegetation with a geologist to get a better look). At the corner of Kinney and Schadel Rds, look to the left, and you are looking up the side of an esker. From there, the rest of the ride is in fairly gentle terrain.
